April 5th, 12:00-1:30pm EDT; 9:00 -10:30am PDT

APRIL - 2 ONE-ON-ONE COACHING SESSIONS

PRAISE FOR DRIVEN CAREER MAP

"Alicia was an excellent facilitator of our cohort of DRIVEN at work, switching seamlessly from educator to coach, fostering a safe space for storytelling. The accompanying private coaching sessions allowed each of us in the cohort to dive deeper into our own journeys and next steps, so it was a nice balance of group and private coaching. Alicia has a knack for getting us to work out our own solutions through asking the right questions."

– Amy Koo, Associate Director, Gilead Sciences

"The DRIVEN Career Map program helped me define my own personal "brand" and where I want to focus my career. Before the program I had a vague feeling that I wasn't focusing on the right areas so the program helped me articulate what I really wanted and make a plan for achieving that. Alicia isn't just offering some supportive, reflective feedback but instead, has written a formal program that has rigor. Also, I found the small group aspect of the coaching to be a key part of the benefit."

–Christine Law, Strategic Account Manager, HireRight

"What's unique about DRIVEN is that the material is presented in a group format, and yet the content feels personalized to each participant. I was able to refocus on my career development and advancement. The program exercises empowered me to take the next steps in my career.. Participating in DRIVEN was one of the best investments I have made in my professional development. I encourage and recommend anyone who is serious about intentionally managing and advancing their career, reinventing themselves or wanting to remain effective and relevant in their current position to consider the DRIVEN Career Map program."

–Sabrina Blackwell, National Accounts Director, Gilead Sciences

THE INVESTMENT – \$2,500 USD

About the DRIVEN Career Map Founder
